NOTE TO: DCI
DDCI

Attached is the first tranche of the 1985 research program for your comments and suggestions--SOVA, NESA, ALA and EURA. Needless to say, we would like to get them back as soon as possible.

If you think this is coming around very quickly, you are right. You may recall that we published a program for 1984 that covered only three quarters, so that we could switch this year to a fiscal year basis and get our planning in line with the rest of the Community, as well as our own budget. You need not pay any attention to the letters in the left hand column in the project list. These are merely computer codes that we will use to generate an improved index.

/S/
Robert M. Gates
Deputy Director for Intelligence
